Certified Flight Instructor Oral Exam Guide: The Comprehensive Guide to Prepare You for the FAA Oral Exam (Oral Exam Guide series) Michael D. Hayes

The Federal Aviation Administration (FAA) administers oral as well as written exams for pilot certification and flight review. These exam guides teach applicants not only what to expect, but also how to exhibit subject mastery and confidence while under tough examiner scrutiny. In this series, the most consistent questions asked in each exam are provided in a question-and-answer format, with information sources for further study. Applicants facing the oral exams will benefit from the topics discussed and the further study materials provided, which have been updated to reflect important FAA regulatory, procedural, and training changes (including the newest Practical Test Standards). Also included is a new appendix in each book, a 'Practical Test Checklist' to help students keep track of required items and test-day details.
