Taken from the Foreword by Gary Johnson: "Start Sailing Right is a fantastic primer for anyone with an urge to get out on the water - and a reference guide for a lifetime. It offers one practical, usable tip after another and the profuse use of large, clear diagrams and humorous illustrations makes sailing quickly understandable and puts the new sailor at ease. But sailing can also be a challenging sport. A good sailor is always aware of changing wind and weather, and develops a healthy respect for Mother Nature and the safety of everyone on board. It's called seamanship, and it's a message that comes through loud and clear in this book. Start Sailing Right goes a long way toward giving sailors a faster start, and a chance to be better, safer sailors than ever before."
