The Book of Jasher is a secular history covering a period from the creation to the period of the Judges in Israel. Jasher is referenced in the Holy Bible twice by two different authors. Three versions of Jasher are purported copies of the 'Lost Book' and have been translated, but only this one is looked upon as authentic. The Prophet Joseph Smith quoted from this version in "Times and Seasons." The Book of Jasher is authentic, as it contains many specific details which are in agreement with modern revelation such as "The Book of Moses."
