**The Day of Yahweh** Albert James Dager

*The Day of Yahweh* is an honest assessment of what Scripture says about how history will unfold as this temporal world winds down. The author asks us to reconsider what we have learned from today's popular expositors on end-times prophecy. Some of his conclusions will startle, even distress, those who are passionate about a particular eschatology learned at the feet of their favorite end-times teachers. The author challenges us to consider prayerfully whether our allegiance is to particular teachers, or if we are willing to reassess what we believe in light of God's Word and verifiable facts of history.
