This is book II of an ongoing series of interviews held with beings from Zeta Reticuli. Hypnotherapist Mary Barr was asked by one of her clients if he could talk to aliens while under hypnosis. What ensued was years of communication with three beings from Zeta Reticuli who call themselves Han, Zestra, and Gen. Steve Reichmuth, her client, proved to be a dynamic and detailed telepathic link between the Zetan beings, Steve, and the hypnotherapist. The range of questions and answers cover science, biology, Earth and Zetan history, the universe, and alien spirituality and case studies. The validity of this contact comes from the calibre of the questions asked and answered. Most often, mankind had no answers for the questions asked, yet these beings answered them. Mary's hypnotherapy work often includes regressing individuals to recall events from missing time and/or alien contact. These beings have assisted in analyzing these contact cases by giving advanced information to the therapist prior to her seeing the clients. Confirmation has come in many forms, from accident intervention to future science. It is helpful if the reader is well versed in ufology alien contact and has a strong interest in hard sciences. The majority of the material is in new subject areas. It is a welcome change to the true investigator.
