Engineering Computations and Modeling in MATLAB/Simulink (AIAA Education) Oleg Yakimenko Engineering Computations and Modeling in MATLAB(R)/Simulink(R) provides a broad overview of The MathWorks' MATLAB(R)/Simulink(R)/GUIDE development and modeling environment. This textbook shows how to use these software tools effectively in a variety of engineering applications, including modeling real-world dynamic systems. Concepts Discussed: Major concepts of MATLAB(R), Symbolic Math ToolboxA', Simulink(R), and GUIDE * Development of effective foolproof M-file scripts and functions * Use of the 2D and 3D plotting functions and handle graphics * Creation of interactive user interfaces and animations * Presentation of numerical methods, coded in MATLAB(R) functions * Accuracy of digital computations Special Features: * Numerous examples * Derivation of fundamental formulas using symbolic math computations * Dynamic systems modeling in MATLAB(R) and Simulink(R) * Development of user-friendly standalone GUIs * Introduction of aerospace engineering tools This book is used as a textbook by undergraduate and graduate students taking introductory and advanced courses in applied programming, and also as a reference for working professionals using MATLAB(R)/Simulink(R).

From reader reviews:

Mary Block:

Nowadays reading books are more than want or need but also be a life style. This reading routine give you lot of advantages. The benefits you got of course the knowledge your information inside the book that improve your knowledge and information. The details you get based on what kind of reserve you read, if you want attract knowledge just go with knowledge books but if you want sense happy read one with theme for entertaining for example comic or novel. Often the Engineering Computations and Modeling in MATLAB/Simulink (AIAA Education) is kind of guide which is giving the reader erratic experience.

Lou Bryant:

This book untitled Engineering Computations and Modeling in MATLAB/Simulink (AIAA Education) to be one of several books in which best seller in this year, honestly, that is because when you read this publication you can get a lot of benefit into it. You will easily to buy this kind of book in the book retail store or you can order it via online. The publisher of the book sells the e-book too. It makes you more easily to read this book, as you can read this book in your Smartphone. So there is no reason for you to past this reserve from your list.

Ronald Dotson:

This Engineering Computations and Modeling in MATLAB/Simulink (AIAA Education) is great reserve for you because the content that is certainly full of information for you who have always deal with world and still have to make decision every minute. This book reveal it info accurately using great organize word or we can point out no rambling sentences included. So if you are read that hurriedly you can have whole information in it. Doesn't mean it only offers you straight forward sentences but difficult core information with beautiful delivering sentences. Having Engineering Computations and Modeling in MATLAB/Simulink (AIAA Education) in your hand like keeping the world in your arm, details in it is not ridiculous 1. We can say that no reserve that offer you world within ten or fifteen minute right but this guide already do that. So , this really is good reading book. Hi Mr. and Mrs. hectic do you still doubt that will?

Bruno Reed:

The book untitled Engineering Computations and Modeling in MATLAB/Simulink (AIAA Education) contain a lot of information on this. The writer explains her idea with easy way. The language is very clear to see all the people, so do certainly not worry, you can easy to read that. The book was written by famous author. The author will take you in the new era of literary works. It is possible to read this book because you can continue reading your smart phone, or program, so you can read the book throughout anywhere and anytime. In a situation you wish to purchase the e-book, you can wide open their official web-site along with order it. Have a nice study.
