Language of Silence J. Allen Boone

Explores the world of unspoken communication between humans and animals. The author felt that most people underestimate the mental and spiritual qualities possessed by animals, and thereby miss seeing the oneness and wholeness of life. The Language of Silence salutes the Divinity within all living creatures. These thoughtful tales demonstrate how the author spoke silently with all forms of life and how he grew to understand their silent replies. The author's cultivated mental affinity with nature allowed him to see that everything that lives has something of value to share with us -- whenever we are ready for the experience.
