Universal symbols and signs are the language of the Soul. They're also the language of Dreams.

Every sign and symbol is important. Throughout recorded history, signs and symbols have left lasting impressions in the hearts and minds of many. Signs are normally very gentle. By their given nature, they do not demand a response nor do they direct us to take an action.

Through their appearance however, we are given a spiritual reveal or quite possibly, a suggestion to change our course in life. This is where your intuitive awareness is most effective in understanding how to claim the message, or the meaning, in your sign or your symbol.

Just by coloring, studying, and gazing at the complexity and the deeper meaning each one of these illustrations holds within, we learn to feel connected, alive, and intrigued.
