Norman M. Naimark

Genocide: A World History (New Oxford World History) Norman M. Naimark

Genocide occurs in every time period and on every continent. Using the 1948 U.N. definition of genocide as its departure point, this book examines the main episodes in the history of genocide from the beginning of human history to the present. Norman M. Naimark lucidly shows that genocide both changes over time, depending on the character of major historical periods, and remains the same in many of its murderous dynamics. He examines cases of genocide as distinct episodes of mass violence, but also in historical connection with earlier episodes.

Unlike much of the literature in genocide studies, Naimark argues that genocide can also involve the elimination of targeted social and political groups, providing an insightful analysis of communist and anti-communist genocide. He pays special attention to settler (sometimes colonial) genocide as a subject of major concern, illuminating how deeply the elimination of indigenous peoples, especially in Africa, South America, and North America, influenced recent historical developments. At the same time, the "classic" cases of genocide in the twentieth Century - the Armenian Genocide, the Holocaust, Rwanda, and Bosnia -- are discussed, together with recent episodes in Darfur and Congo.

From reader reviews:

Corrine Switzer:

The reason? Because this Genocide: A World History (New Oxford World History) is an unordinary book that the inside of the reserve waiting for you to snap the item but latter it will surprise you with the secret it inside. Reading this book adjacent to it was fantastic author who all write the book in such awesome way makes the content within easier to understand, entertaining method but still convey the meaning fully. So , it is good for you for not hesitating having this any more or you going to regret it. This amazing book will give you a lot of advantages than the other book get such as help improving your talent and your critical thinking method. So , still want to hold up having that book? If I ended up you I will go to the book store hurriedly.

Mark Sawyers:

This Genocide: A World History (New Oxford World History) is great e-book for you because the content which can be full of information for you who have always deal with world and also have to make decision every minute. This book reveal it facts accurately using great organize word or we can say no rambling sentences in it. So if you are read that hurriedly you can have whole data in it. Doesn't mean it only provides you with straight forward sentences but tough core information with beautiful delivering sentences. Having Genocide: A World History (New Oxford World History) in your hand like having the world in your arm, data in it is not ridiculous one particular. We can say that no book that offer you world throughout ten or fifteen second right but this reserve already do that. So , this can be good reading book. Hey Mr. and Mrs. active do you still doubt that will?

Molly Maldonado:

Many people spending their time by playing outside having friends, fun activity together with family or just watching TV 24 hours a day. You can have new activity to pay your whole day by studying a book. Ugh, ya think reading a book can actually hard because you have to use the book everywhere? It all right you can have the e-book, getting everywhere you want in your Cell phone. Like Genocide: A World History (New Oxford World History) which is keeping the e-book version. So , why not try out this book? Let's see.

Carlton Wood:

That e-book can make you to feel relax. This particular book Genocide: A World History (New Oxford World History) was vibrant and of course has pictures on the website. As we know that book Genocide: A World History (New Oxford World History) has many kinds or genre. Start from kids until young adults.
