Health, Safety, and Loss Prevention in the Oil, Chemical, and Process Industries SLP

The 55 papers presented at the "2nd International Conference on Health, Safety and Loss Prevention in the Oil, Chemical and Process Industries" are brought together in this one volume of information on industrial safety. The papers cover the full remit of health and safety, from risk assessment and safety management systems to fire and explosion and gas dispersion. Other important areas covered are the ever increasingly important environmental protection, occupational health and safety and one of the key factors in safety promotion, education and training.
