Surface Design for Fabric: Studio Access Card Kimberly Irwin

Surface Design for Fabric is a comprehensive, how-to guide to more than 60 surface design techniques for various fabrics and leather—ranging from the traditional to the experimental. Highly illustrated with more than 600 color images, the step-by-step instructions and photographs demonstrate surface design techniques, allowing readers to quickly grasp the material and further explore and experiment on their own. Irwin covers a broad range of surface design techniques including: dyeing, staining, removing color, resists, printing and transfer, fiber manipulations, fabric manipulations, embroidery, and embellishments. This modern studio resource clearly guides readers in the creation of beautiful, innovative, and professional surface designs.
