Systematic Theology (Volume 2) Wolfhart Pannenberg

Widely regarded as the foremost theologian in the world today, Wolfhart Pannenberg here unfolds his long-awaited systematic theology, for which his many previous (primarily methodological) writings have laid the groundwork.

Volume 2 of Pannenberg's magnum opus moves beyond the highly touted discussion of systematic prolegomena and theology proper in Volume 1 to commanding, comprehensive statements concerning creation, the nature of man, Christology, and salvation. Throughout, Pannenberg brings to bear the vast command of historical and exegetical knowledge and philosophical argumentation for which he is well known.
