The dispossessed majority Wilmot Robertson

No one who reads this all-encompassing study of the American predicament will ever again view his country and himself in the same light. The author brilliantly recounts the tragedy of a great people, the Americans of European descent, who founded and built The United States and whose decline is the chief cause of America's decline. Although replete with cogent criticism of the people and events which have brought America low, the book ends on a positive, optimistic note, which envisions a resurgent American Majority liberating its institutions from the control of intolerant intellectuals innately programmed to destroy what they could never create. Over 150,000 copies sold. **-Howard Allen Inc Publications**
