Advanced Introduction to Public Choice (Elgar Advanced Introductions series)

Randall G. Holcombe

Advanced Introduction to Public Choice (Elgar Advanced Introductions series) Randall G. Holcombe
Elgar Advanced Introductions are stimulating and thoughtful introductions to major fields in the social sciences and law, expertly written by the world's leading scholars.

This *Advanced Introduction* presents a focused narrative about political decision-making based on the work that has defined public choice as a discipline. Randall G. Holcombe emphasizes the theoretical foundations of Public Choice, examining the way that voter preferences are aggregated through democratic decision-making, the way that political exchange leads to the production of public policy, and the way that the constitutional framework within which political activity takes place is designed. He provides a concise discussion of the main models of Public Choice in an engaging manner, giving readers a foundation for understanding the theoretical and empirical work in the field. Each chapter ends with a Notes section that discusses the research on which the chapter is based, with an emphasis on the pioneering work that has shaped the development of Public Choice.

Undergraduate and graduate level students in economics, political science and public administration will find this introduction an essential resource for understanding political decision making. Instructors in those fields will find this book a useful and affordable text and an indispensable resource for teaching Public Choice.
