Watch seeds grow right before your eyes in this follow-up title to *How Does a Seed Grow?* Readers can follow the fun clues and guess which fruits or vegetables will grow from each seed. With a lift of each foldout flap, kids can watch the seeds take root in the soil, sprout from the ground, and finally, make the fruits and veggies we love to eat! A tiny kernel grows a bright yellow ear of corn, a pumpkin seed grows a big orange pumpkin, an apple seed grows juicy red apples, a carrot seed grows a smooth orange carrot, and a bean seed grows crunchy green string beans.

Each cardstock page of this book folds out into a large 14" x 14" inch page that reveals a child enjoying the healthy and delicious fruits and veggies that the seeds have become!
