On Human Nature

Saint Thomas Aquinas

On Human Nature Saint Thomas Aquinas

This volume begins with excerpts from Aquinas' commentary on De Anima, excerpts that proceed from a general consideration of soul as common to all living things to a consideration of the animal soul and, finally, to what is peculiar to the human soul. These are followed by the *Treatise on Man*, Aquinas' most famous discussion of human nature, but one whose organization is dictated by theological concerns and whose philosophical importance is thus best appreciated when seen as presented here: within the historical philosophical framework of which it constitutes a development. Aquinas' discussions of the will and the passions follow, providing fruitful points of comparison with other philosophers.
