The values we live and raise our families by are grounded, first, in love. Contrary to many of today's so-called family values, our values go beyond one or two loaded social issues to a wholehearted lifestyle of practicing compassion, hospitality, justice, peace, and belonging.

*More than Words* articulates ten values that forward-thinking, openhearted people want to embody in their lives and pass on to their children. With practical ideas and thought-provoking questions, this book inspires families to live more intentionally, engage their communities, and make a difference in the world.
