### Chaos in Santa's Workshop

Everything is running smoothly in Santa's Workshop at the North Pole until five elves decide to walk off their jobs in search of jobs that are "more important... bigger... flashy... less silly" so they could be "Grand and Great." The elves soon find out that they're not cut out for some of their job choices, while Santa's Workshop is in disarray with their key elves gone. Dejected from their misadventures, the elves return to Santa's Workshop and are welcomed back by Santa. As Santa explains, they are already great when they work with love and care, tapping into what is their CHRISTMAS BEST.
