Community/Public Health Nursing Practice: Health for Families and Populations (Maurer, Community/ Public Health Nursing Practice) Frances A. Maurer, Claudia M. Smith

Focusing on practical, need-to-know information, **Community/Public Health Nursing Practice** helps you learn how to apply the nursing process at the community and family level. It features an engaging, easy-to-understand writing style, as well as assessment tools, detailed case studies, and clinical examples that demonstrate how key concepts apply to real-world practice. Additional resources on the companion Evolve website expand and enhance content within the text.

- **Practical features** including *Case Studies*, *Ethics in Practice*, and *The Nursing Process in Practice* illustrate real-world applications of key community/public health nursing concepts.
- **A complete unit on the community as client** helps you understand how the assessment, diagnosis, planning, intervention, and evaluation steps of the nursing process apply to the community, as opposed to an individual.
- **A chapter devoted to community assessment** provides a complete assessment tool and shows you how the tool applies to two different types of communities.
- **UNIQUE!** A chapter on **screening and referral promotes population-focused practice**, which is the crux of community/public health nursing.
- **A separate unit on the family** emphasizes the importance of viewing the family as a singular client.
- **A complete discussion of the Minnesota Wheel** helps you better understand this widely-accepted framework for community/public health nursing practice.
- **Helpful sections** such as *Focus Questions*, *Chapter Outlines*, *Key Ideas*, and *Learning by Experience and Reflection* help you pinpoint essential information.
- **NEW! Healthy People 2020 objectives** throughout the text help you identify common health risk factors in populations and families.
- **NEW! Coverage of health care reform**, including the Patient Protection and Affordable Care Act of 2010 (PPACA), explores how current health care legislation impacts community/public health nursing.
- **NEW! Discussions of community health "hot button" issues**, such as human trafficking, genital circumcision, and bullying, introduce you to today's health care challenges.
- **NEW! Information on weather-related disaster fatalities, bioterrorism, and national and state planning responses** familiarize you with current, relevant issues which affect the health of populations worldwide and shape the role of the community/public health nurse.
