General Test Guide 2010: The Fast-Track to Study for and Pass the FAA Aviation Maintenance Technician General and Designated Mechanic Examiner Knowledge Exams (Fast Track series) Dale Crane

Part of a series designed to prepare applicants who are seeking Federal Aviation Administration (FAA) certifications for the full range of material, these guides offer current test questions followed by the answers with detailed explanations that include learning statement codes that identify the subjects in which further study is required. Illustrations and oral and practical study outlines to the FAA's Knowledge Exams for the Airframe, Powerplant, and General tests make this the most comprehensive resource for any aviation mechanic looking to obtain the FAA Airframe and Powerplant license. The series is designed in a "fast-track" format for increased comprehension and retention of the basic ideas through to the advanced concepts.
