Kevin thinks his mum is ridiculous for saying that he is wasting the sunshine and fresh air. As if it would ever run out! Kevin thinks you should always do up the top button. Why else is it there? Kevin thinks his computer brain is awesome because he can remember lots and lots of important facts about outer space, computers and football. Above all, Kevin thinks you should always tell the truth.

Kevin Thinks is the story of a boy with Asperger Syndrome (AS) who sees the world a little...differently! His quirky observations will strike a chord with all those who are familiar with AS, from his special interest in outer space and his aversion to itchy clothes, to his tendency to say exactly what he thinks, regardless of the consequences.

Adorable and insightful, Kevin Thinks is a fun read for children aged 4+ and their parents.
