Poles in India 1942-1948: Second World War Story

Poles in India 1942-1948: Second World War Story

This Indian adventure is intrinsically linked to World War II: after the deportations to the Soviet Union a group of Poles found safe refuge in India, where they would stay until the end of the War, hoping to return to their own country. Unfortunately the Yalta Agreements made that impossible. Very few people went back to Communist Poland; the great majority scattering throughout the Western World. But the bonds of friendships formed in India survived and they occasionally had reunions in different parts of the world until they formally organised themselves into the Association of Poles in India 1942-1948. As children or teenagers, more than half a century ago, they did not realise just how unique was their stay in India. As mature adults they decided to research the archives, camp chronicles and their own diaries, to preserve that small, but unique part of the history of the Polish Refugee Odyssey during and after the War. It was only after the majority of the authors of this collective work reached retirement age that they found time for research and writing. To their advantage was the fact that many documents, previously unobtainable in Poland and only available after a fifty-year gap in England, now became accessible. This book often quotes the original documents in order to better convey the spirit of those days and maybe help future researchers, enlivening the text with personal reminiscences and entries from their youthful diaries. The first Polish edition of this book sold out among the people whose story it told, the second found its way to many universities and libraries in Poland, as research of the deportations to Russia had until recently been forbidden, and all the material found in the London Public Record Office, British Library, or the Polish Institute and Sikorski Museum, was new to them. The English edition will be of interest to their children and grandchildren for whom English became the first language, also their friends in India, and hopefully all students of the period of the Second World War. As it is a collective work, the book retains the individual style of different authors so the English may seem rather unconventional.

From reader reviews:

Robert Kuehner:

What do you think of book? It is just for students since they are still students or it for all people in the world, exactly what the best subject for that? Only you can be answered for that query above. Every person has various personality and hobby for every other. Don't to be obligated someone or something that they don't need do that. You must know how great as well as important the book Poles in India 1942-1948: Second World War Story. All type of book would you see on many sources. You can look for the internet solutions or other social media.

Judith Duncan:

People live in this new day of lifestyle always attempt to and must have the spare time or they will get wide range of stress from both day to day life and work. So , if we ask do people have spare time, we will say absolutely of course. People is human not only a robot. Then we ask again, what kind of activity do you possess when the spare time coming to you actually of course your answer can unlimited right. Then do you try this one, reading ebooks. It can be your alternative inside spending your spare time, the actual book you have read is Poles in India 1942-1948: Second World War Story.

Eva Oleary:

As a college student exactly feel bored for you to reading. If their teacher asked them to go to the library or even make summary for some guide, they are complained. Just tiny students that has reading's internal or real their interest. They just do what the educator want, like asked to go to the library. They go to presently there but nothing reading significantly. Any students feel that looking at is not important, boring and also can't see colorful pics on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this Poles in India 1942-1948: Second World War Story can make you feel more interested to read.

Donna Solano:

What is your hobby? Have you heard this question when you got pupils? We believe that that concern was given by teacher to the students. Many kinds of hobby, Everyone has different hobby. And you know that little person similar to reading or as studying become their hobby. You must know that reading is very important along with book as to be the issue. Book is important thing to include you knowledge, except your own teacher or lecturer. You see good news or update with regards to something by book. Numerous books that can you decide to try be your object. One of them is actually Poles in India 1942-1948: Second World War Story.
